

2021/2022 GPS Choir Hair & Makeup Info for Girls

Kit Delivery and Hair/Make-up Workshops:

Students will attend an after-school delivery and workshop day to pick-up their Kits and participate in a Hair/Make-up Workshop between the weeks of September 28th and October 8th

Parents are welcome to join the Workshop if they would like to learn how to do the GPSC hair-do and make-up!

Replacement Items:

I always carry replacement items to call times and when traveling for competition. The above listed cost for each item is the cost for your student should they lose an item and need replacement. Most students will go through a couple pair of tights per season, a couple sets of false eyelashes, lose a barrette or an earring etc . . .

Rhinestone Earrings Note:

Earrings are purchased as part of the Kit when your student enters choir. We will provide new earrings when a performer changes groups. We will replace earrings if they break. Girls must buy replacements if they lose their earrings during any given season.

Additional items your student will need to be performance ready by the first show of the year, Fall Follies: *Students must bring the below items to the delivery day/Hair and Make-up Workshop. They will need these items to participate and learn how to do their hair and make-up.**

Hair:

- *Big Sexy Hair* brand hair spray ****Note:** Whatever brand of hair spray you purchase, for best results make sure that water is not the first ingredient.
- Hair Brush
- Regular Bobbie Pins (these come in different lengths and please match your hair color)
- Large Roller pins (these are long, thick , flat bobbie pins)

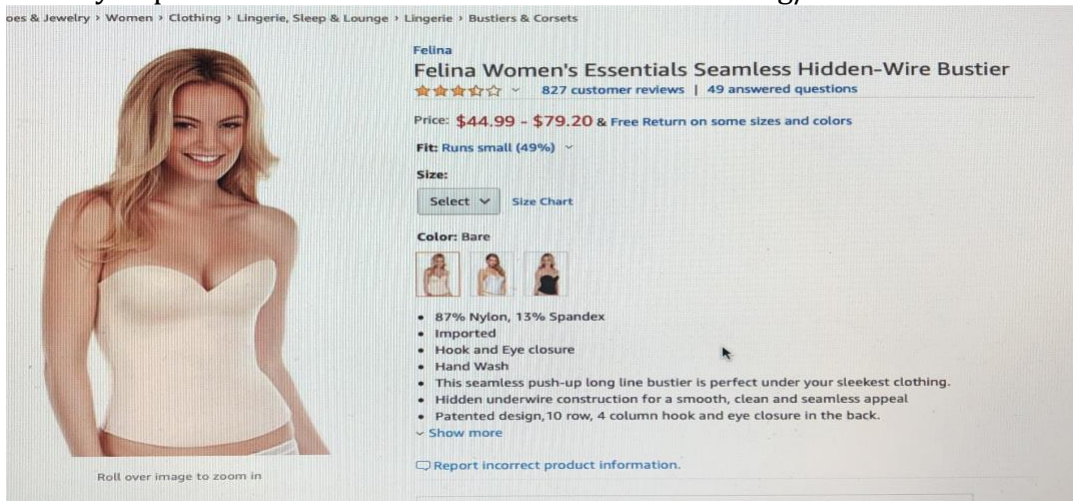

Make-up:

- Liquid foundation
- Translucent powder
- Black mascara
- Black eyeliner (felt-tip liner works well)

Deodorant! Deodorant! Deodorant! Best to have extra deodorant in your backpack or caboodle. Girls must reapply often to avoid unpleasant body odor when rehearsing and performing.

Tan 2" Heel Character Shoes: Required for South Singer Women. These may be purchased locally at Fancy Dancers or online.

Long Line Bra: **All Girls******* must wear a long line bra under their costumes. It is the proper under garment for costume fit, creates a polished look, and provides coverage for the girls when completely private changing areas are not available. **(Amazon.com) Felina Longline Smooth** is a good one. Please purchase whatever brand you prefer in natural color without exterior ribbing/bones.

Please contact me (Dana Constand) or Lorie Vogel if a payment plan would be helpful. Scholarships are available where there is need. Your request will be confidential. We fully appreciate that back to school costs add up quickly and do not want any of our choir families to experience stress about paying for these supplies.

Please feel free to call, or text me with any questions that you have about supplies, hair, make-up or general questions about being in the GPS Choir:

And . . .

Consider joining !Team Squirrel! and assisting our students in getting performance ready for home shows and competition! There are no specific time requirements. So, if you work until 5:00 PM and cannot get to call time (often 4:30 PM)—it's okay, just come when you can and jump into the happy fray:)

We always welcome another hand to help wrestle *the Squirrels* into their proper place!
